

# Certificate

## Indoor Air Comfort Gold

Group 7

*Certified Product*

Ege Carpets A/S

*Applicant*

The above product complies with the Indoor Air Comfort Gold specifications, version 8.0 (2022). These include both inspection of factory production and VOC emissions testing according to EN 16516, at regular intervals. Indoor Air Comfort Gold combines all key European and selected global requirements on VOC product emissions. Additional requirements not related to VOC product emissions, for example content of certain substances or odour are not combined or evaluated. The following VOC emission requirements are combined and the certified product shows compliance with these VOC emission related limit values:

- |                          |                            |  |  |
|--------------------------|----------------------------|--|--|
| - Belgian VOC regulation | - LEED (ACP)               | - Blue Angel DE-UZ 128                           | - Miljöbyggnad (Sweden)                              |
| - France VOC class A+    | - BREEAM New Construction  | - GUT  | - Nordic Swan  |
| - Germany (AgBB/ABG)     | - WELL Building            | - Austrian Ecolabel UZ 35                        | - Eco Product Norway                                 |
| - Italian CAM Edilizia   | - DGNB                     | - Austrian Baubook                               | - Cradle to Cradle                                   |
| - EU Taxonomy Regulation | - SKA Rating               | - M1   | - very low emitting products according to EN 16798-1 |
|                          | - French HQE certification | - Danish Indoor Climate Label (Emission Class 1) | - Singapore Green Label                              |
|                          |                            | - BVB (Sweden)                                   | - Global GreenTag                                    |

Issue date: 07 October 2022

Product type: Textile floorings

Validity date: 07 October 2027

Certificate number: IACG-28-02-07-2022

This certificate is valid as specified if regular surveillance and testing is done.
